of the Community Circle, Minnesota.

- ◆ Ruth is an internationally known neuro-psychiatrist who pioneered the concept of **Whole Person Assessment** with individuals with intellectual and developmental disabilities. Stephen is a Board Certified Behavior Analyst with extensive experience with this population.

Location: First Presbyterian Church Hall, corner of 15th and I Streets, Eureka, CA

“Health Care: Medical Evaluation of Persons Referred for Evaluation of Behavior”

Thursday, September 16, 2010, 8:30 a.m. to 4:30 p.m., (6 hours CEU)

Medical conditions which cause or worsen symptoms of agitation or aggression occur more frequently in persons with intellectual and/or developmental disabilities. These conditions influence behavior by a variety of mechanisms, and make it impossible for behavior support and education to be fully effective. This session will focus on identifying those nonverbal and other signals that a co-occurring medical condition is present and ideas for obtaining care in this context.

***** Lunch on your own – You’re welcome to bring a bag lunch and enjoy the lunch-hour talking with other participants.**

“Mood Disorders: Diagnosis and Treatment”

Friday, September 17, 2010, 1:00 to 5:00 p.m., (4 hours CEU)

Untreated mood disorders can have a profound influence on a person’s quality of life, behavior, and function in the residential facility. This session will review the various types of mood disorders, discuss ideas for recognition in persons who do and do not use speech, and will summarize treatment approaches that providers can use.

**Please RSVP as space is limited. Contact Marie Crawford at (707) 445-0893, x304
Please let her know if you wish CEU’s.**
