RE: Implementation of Minimum Wage Rate Adjustment

Due to the enactment of Senate Bill (SB)3 the California minimum wage for California has increased to \$11.00 per hour effective January 1, 2018 for employers with 26 or more employees. As a result, a number of regional center vendors may be eligible for a rate adjustment in order to pay employees the new minimum wage.

All providers of services with rates established in the following ways may be eligible for a rate adjustment:

1. Employ 26 or more employees
 2. Rates set by regional center through negotiation
 3. Pay or are paying employees less than \$11.00 per hour
-

Please note that providers with rates that are set by the Department of Developmental Services must submit your request for a rate adjustment to the DDS by March 1, 2018. Those services include:

Rates Established by DDS:

ARM Level Residential Facilities (Service Categories 905, 910, 915, and 920)
Day Programs (Service Categories 505, 510, 515, 520, 525, 805, and 954)
In-Home Respite Care (Service Category 862)
