

RCRC PARENT ACADEMY

Autism Awareness and Acceptance Month Special Presentation: *Evidence-Based Practices for Essential Skills and Navigating the Resources*

DATE: APRIL 28, 2021

TIME: 2:30-4:00 PM

In partnership with the California Autism Professional Training and Information Network (CAPTAIN), Redwood Coast Regional Center will be offering a bonus Parent Academy for April in honor of Autism Awareness and Acceptance Month. CAPTAIN is a cross agency network developed to support the understanding and use of evidence-based practices (EBPs) for individuals affected by Autism Spectrum Disorder (ASD) across the state of California. During this information sharing session being presented by Jennifer Streeter, BCBA, Behavioral Health Intervention Specialist and Regional CAPTAIN lead from Humboldt County Office of Education, we will:

- Define what makes a practice evidence based and why it's important
- Review and check-out a variety of resources to learn more about EBPs
- Learn why Joint Attention (interaction between child-parent; child instructor; child-peer) is so pivotal in a child's development and how to nurture and develop this skill using one or more of the evidence-based practices that have been identified to support skill building in this area.
- Share how to choose an EBP that is based on an individual's need and demonstrate by choosing an EBP to address Joint Attention.

Please RSVP to Denise Keller: bctservices2@gmail.com and a link to the presentation will be provided.
