**40 YEARS OF
SERVICE TO OUR
COMMUNITY**

By Nichole Haydon

Redwood Coast Regional Center Executive Director, Dr. Kimberly Smalley has announced she will be passing the torch to the next generation and retiring this month. For the past 40 years, Dr. Smalley has been advocating for people with developmental and intellectual disabilities and their families; providing behavioral services and support in a multitude of environments, clinical leadership, and mentorship always with the drive of inclusion and acceptance. Dr. Smalley's firm foundation of Person-Centered Thinking and client choice is reflected in

Getting to Know Our LACC Team at Redwood Coast Regional Center

By Susan Hernandez

At Redwood Coast Regional Center, our Language Access and Cultural Competency (LACC) team works hard to make sure every client and family has the support they need. Their mission is to improve the experience of those we serve and ensure that information and services are easier to access for our under served communities in Humboldt, Del Norte, Mendocino, and Lake Counties.

Our LACC team is made up of Dolores Delgado, Project Assistant/

Interpreter; Fernando Espinoza, Project Assistant; Julian Ocegueda, Lead for Translation, Interpretation, and Quality Control; and Amy Benitez, Project Assistant. Each member brings unique skills and energy to their work. They provide educational workshops, offer translation and interpretation, host listening sessions, and attend cultural and community events to share information about RCRC services.

Diversity Outreach Specialists, Alma Ingram and Susan Hernandez,

want to take a moment to recognize the dedication of our LACC Project Assistants. They show up for families, help connect new clients to services, and build trust within the community. Their passion and hard work make a real difference every day.

Getting to know our community

KIMBERLY JOHNSON

What is your position at RCRC?

I currently serve as a Unit Assistant for the Early Start program in Del Norte and Humboldt counties. Prior to this, I was the Office Operations Manager, which gave me a broad understanding of how our organization supports clients and staff.

What inspired you to get into this field of work?

I've been working in office environments since I was 15, where I learned the fundamentals of administrative support. Growing up, one of my closest friends had a brother with cerebral palsy. I was often involved in his care, which gave me a deep sense of purpose and a desire to help others. That experience sparked a passion for supporting individuals and families, especially in ways that combine compassion with organization and structure.

Tell us about an inspirational experience working with RCRC?

One of my most memorable

moments at RCRC was during my time working the front desk in Crescent City. A client came in hoping to speak with their Service Coordinator (SC), who happened to be on their way to a meeting. With just a couple of minutes to spare, the SC still made time to speak with the client, who had stopped by specifically to share that their SSI had resumed—thanks in large part to the SC's advocacy. The gratitude on the client's face and the genuine joy from the SC was a powerful reminder of the real impact our work can have. It was a beautiful display of dedication and heart.

What do you like to do in your spare time?

In my free time, I love exploring the Smith River, working in my garden, and managing the chaos of my household—complete with my herd of animals, my spouse, and daughter. They all keep life lively and full of love.

KIMBERLY JOHNSON

“The gratitude on the client's face and the genuine joy from the SC was a powerful reminder of the real impact our work can have.”
