

Redwood Coast Regional Center Contract Awards FY 2014/2015

2014/2015 Redwood Valley House \$70,000 Adult Specialized Residential- CPP

The goal of this project will be to provide adults with intellectual disabilities and medical health needs a licensed home, which provides the structure needed to meet the physical, medical, communication and lifestyles needs and preferences of each resident. The grant request will support start-up costs for the necessary training and collaboration with community entities, securing a residential location, environmental accommodations, and general costs associated with program development for the residents associated with CPP. This home will be located in Mendocino County.

2014/2015 Reaching for Independence \$60,000 Licensed Day/Employment Services- CPP

The goal of this project will be to allow individuals the opportunity to earn money in a safe and supportive community setting in Del Norte County. The employment component of this service will offer contracted work options for individuals supported. Start-Up funds will be used for management and staff training, consultation and collaboration with local public agencies including, but not limited to CCL, as well as other components necessary for start-up (i.e. office space, program development, etc.).

2014/2015 The Community Circle \$30,000 Training/Consultation: Psychiatric-CPP

The goal of the project will be to enhance current psychiatric services within our four-county area. The monies will be used to provide professionals, educators, and families with specialized consultation, training, and information on mental and physical health issues, and how they interact with one another, relating to persons with intellectual or developmental disabilities.

2014/2015 UCSF \$510,000 Clinical Support Teams Pilot Project- CPP

This service will utilize site visits and technology to assist service providers of Enhanced Behavioral Support Homes and Community Crisis Homes, along with other service providers who help individuals to remain in the community and avoid placement in more restrictive settings.
